

In Science...

We will be investigating, how seeds and bulbs grow into mature plants and how plants need certain things to grow.

In Geography...

We will explore the continents and oceans using atlases and globes and identify hot and cold areas around the world in relation to the Equator.

In English...

We will be using a fiction book called The Last Wolf as the stimulus for our Reading and Writing. Our final piece will be a letter

In Maths...

We will be exploring properties of shape, fractions and measuring including length and height.

In PE...

We will be practising our striking, fielding, attacking and defending skills

In Music...

We will be exploring music from around the world.

In Art...

We will look at creating art using natural objects and explore sculpture using natural objects in the style of Goldsworthy.

In DT...

We will be discussing where our food comes from and exploring traditional food from around the world..

-Ash Class-Year 2-

-Summer 1-

Explore the World

Upton Westlea Primary School

"Inspire, Learn, Succeed"

Vocabulary

Earth
continents
ocean
country
Equator
North &
South Pole

plant
seed
bulb
healthy
germinate
grow
reproduce
survive

flung
supplies
lurk
pounce
wander
grazing
stalking
bracken
tree stump
lynx

End Points

Letter about how best to look after a plant.

Information booklet.

Diary entry from around the world

In PSHE...

We will look at another book in our No Outsider work, things about what we need to do to make us happy, discuss differences and keeping healthy.

In RE...

We will be thinking about why Jesus taught people through stories in the bible.

In Computing...

We will be learning about programming. We will be using Scratch jr to make an avatar move and debug our algorithms.
