

Will you be talking about online safety with your children this summer?

The eAWARE app includes innovative age relevant video-based learning, parent lead activities and information for parents on how young people are engaging with the online world.

We Cover

Cyberbullying

Passwords

Social Media

Time Online

Gaming

And more...

For more information please go to

www.eaware.co.uk

One child in every primary school class has been sent a sexual image by an adult. There has never been a more important time to discuss the online world with your children.

IF YOU CARE, SHARE!

Dear Parent,

As part of your child's ongoing Online Safeguarding education, we are working with eAWARE to help educate your children on the risks they may take online.

Our School has been given a number of free licences to use the eAWARE Family programme, which is designed to support the work we are doing here in school. The programme includes short learning videos which can be watched on a smartphone, tablet or laptop and parent lead learning activities.

Your unique code to access the programme free is **WEST001**

All you have to do is install the eAWARE App from the appropriate store, or go to <https://families.eaware.co.uk/sfc>, and enter the above code.

We hope you find this free programme useful.

Kind regards,
Upton Westlea Primary School
