

Parent Testimonials

We love this school – we feel it is a small but friendly, family orientated community and that the staff genuinely care about the children – thank you for everything.

I could go on and on about the school. The teachers truly care for their students and it shows. My daughter has thrived since starting and I can tell there is a lot of support in class. The atmosphere at school is calm and nurturing. My children are happy and smiling when I pick them up. Thank you Upton Westlea and all the staff that make it possible

The school shows significant pastoral care for its students and their families. The cultural diversity is an additional blessing, enabling children to learn and grow in a wide environment. To me, the most important aspect of growth now is social skills learning to appreciate the variety in this world and learning to love this learning in this exciting mix – Westlea does this and much, much more – Thank you

My child has learnt so much in such a short amount of time. She has settled in very well and is very happy. I feel like Upton Westlea is one big family. The friendships I have formed with my children's friends parents are ones I will treasure forever and it wouldn't be possible without Upton Westlea. All the teachers want the very best for their students and genuinely care about their well-being and who they are as people.

Thanks teachers and school staff for providing such a lovely environment for my children.
